

LIMITS Potsdam Meeting

Potsdam, June 6-8, 2012

Final Agenda

The first workshop of the LIMITS project will be hosted by PIK on June 6-8, 2012. It will be an internal meeting only with the following main objectives:

- Assess the results of the first round of scenario runs of WP1.
- Improve and refine WP1 study protocol and data collection in preparation for the second and final submission stage.
- Assess the progress of WP2 and its interaction with WP1 output.
- Define the table of contents and the submission timeline of the special issue based on the WP1 scenarios (and if possible on WP2 complementary analysis). Teams involved in the study protocol are thus expected to contribute with sufficiently developed ideas for papers and publications.

The workshop will also set important ground for the second phase of the project. Important topics of discussion in this regard are:

- Update on progress made in WP3 and 4, also based on the information collated in the WP1 template.
- Agree on the guidelines for the study protocol of WP3 and WP4.

Meeting venue: Science Park Albert Einstein, Basement “Haus H”

Wednesday, June 6, 2012

LIMITS Internal Partners Meeting

12.00-13.00 Light Lunch

13.00-13.15 Welcome

Ottmar Edenhofer, PIK

13.15-13.30 Status of LIMITS and expectations from this meeting

Massimo Tavoni, FEEM

13.30-18.20 WP1: Global mitigation pathways for limiting global temperature increase below 2°C (chaired by PIK, WP1 leader)

13.30-14.30 Overview of modeling results (Elmar Kriegler and Gunnar Luderer, PIK)

14.30-17.20 Individual teams' presentations (15 mins presentation, 5 mins discussion)

- REMIND (Tino Aboumahboub, PIK)
- WITCH (Gauthier Damaere, FEEM)
- MESSAGE (Keywan Riahi/David McCollum, IIASA)

15.30-16.00 Coffee Break

- IMAGE (Detlef van Vuuren, UU)
- TIAM (Tom Kober, ECN)
- GCAM (Kate Calvin, PNNL)
- AIM (Shuichi Ashina, NIES)

17.20-18.20 Discussion on WP1 scenarios

18.20 Meeting ends

18.30 Bus shuttle from Telegraphenberg to Hotel Mercure

19.30-22.00 Boat Trip with social dinner

Thursday, June 7, 2012

- 08.45** *Bus shuttle from Hotel Mercure to Telegraphenberg*
- 09.00-12.00** **WP2: Implementation in major economies: Policy, institutional and financing needs** (chaired by FEEM, WP2 leader)
- 09.00-09.30** **A quantitative assessment of the economic resources and investments required to achieve 2°C** (Massimo Tavoni, FEEM)
- 09.30-09.50** **Financing mechanism and institutional needs for supporting major developing countries in adopting to a low carbon world** (Alex Bowen, LSE)
- 09.50-10.10** **Energy system costs of a global 2°C target under varying climate policy stringencies** (Bob van der Zwaan, ECN)
- 10.10-10.30* *Coffee Break*
- 10.30-11.00** **Regional policies under second-best conditions** (Robert Marschinski & Iris Staub-Kaminski, PIK)
- 11.00-12.00** **Discussion: The work ahead for WP2 and its relation to WP1** (Chair: Elmar Kriegler, PIK)
- 12.00-13.00* *Lunch*
- 13.00-15.30** **WP3: Implementation in major economies: Changes to energy infrastructure and land use patterns** (chaired by UU, WP3 leader)
- 13.00-13.30** **Setting the ground for WP3-study protocol** (Detlef van Vuuren, UU)
- 13.30-14.00** **Modeling climate and land policies: EMF experiments using GCAM** (Kate Calvin, PNNL)
- 14.00-14.30** **Modeling global and regional policies: IPAC** (Jiang Kejun, ERI)
- 14.30-15.00** **Modeling global and regional policies: MARKAL-INDIA** (Amit Garg, IIM)
- 15.00-15.30** **WP3 Discussion**
- 15.30-16.00* *Coffee Break*

- 16.00-18.30** **WP4: Multiple benefits of climate mitigation and implications for development** (chaired by IIASA, WP4 leader)
- 16.00-16.30** **Setting the ground for WP4-study protocol** (Keywan Riahi and Shilpa Rao, IIASA)
- 16.30-17.00** **Air pollution control: insights from WP1 and work ahead** (Rita van Dingenen, JRC)
- 17.00-17.30** **Energy security: Insights from WP1 and work ahead** (Aleh Cherp, CEU)
- 17.30-18.30** **WP3 discussion**
- 18.45** ***Bus shuttle from Telegraphenberg to Hotel Mercure***

Friday, June 8, 2012, 09.00-13.00

- 08.45** ***Bus shuttle from Hotel Mercure to Telegraphenberg***
- 09.00-09.20** **Comments and suggestions from external advisors** (Bert Metz, ECF)
- 09.20-09.40** **Comments and suggestions from external advisors** (Ray Kopp, RFF)
- 09.40-10.00** **Comments and suggestions from external advisors** (Alessandro Lanza, Luiss Univ.)
- 10.00-10.30** **WP1 - Finalizing the study protocol, the data template and provisional table of contents for the special issue** (Elmar Kriegler, PIK)
- 10.30-11.00** ***Coffee Break***
- 11.00-11.30** **WP2 - defining work ahead** (Massimo Tavoni, FEEM)
- 11.30-12.00** **WP3 - defining work ahead** (Detlef van Vuuren, UU)
- 12.00-12.30** **WP4 - defining work ahead** (Keywan Riahi, IIASA)
- 12.30-13.00** **Next practical steps: Meeting at ECN, planning of public stakeholder, reporting to the EC, website, communication of results, WP1 rollout etc.** (Massimo Tavoni, FEEM)
- 13.00** ***Meeting Ends***
